

Oncology Nursing Journal Club

DATE: Monday, December 12, 2022

TIME: 3:00 PM – 4:00 PM

Location: WebEx Only

Prevalence of Distress and its Associated Factors Among Caregivers of People Diagnosed with Cancer: A Cross-Sectional Study.

Kirk, D.L., Kabdebo, I., & Whitehead, L. (2022). Journal of Clinical Nursing, 31(23-24), 3402–3413.

[Link](#) to the article (Click *PDF*)

*Facilitated by: Patricia Prince, M.Ed., MSW, LCSW-C
NIH Clinical Center Social Work Department*

Discussion Questions:

1. What are the most relevant factors the article identifies that contribute to caregiver distress? How does this manifest?
2. Do you recognize these factors in the caregivers you support in your professional role?
3. What resources are you aware of at the NIH that are available to you in your professional and personal caregiving role?
