1

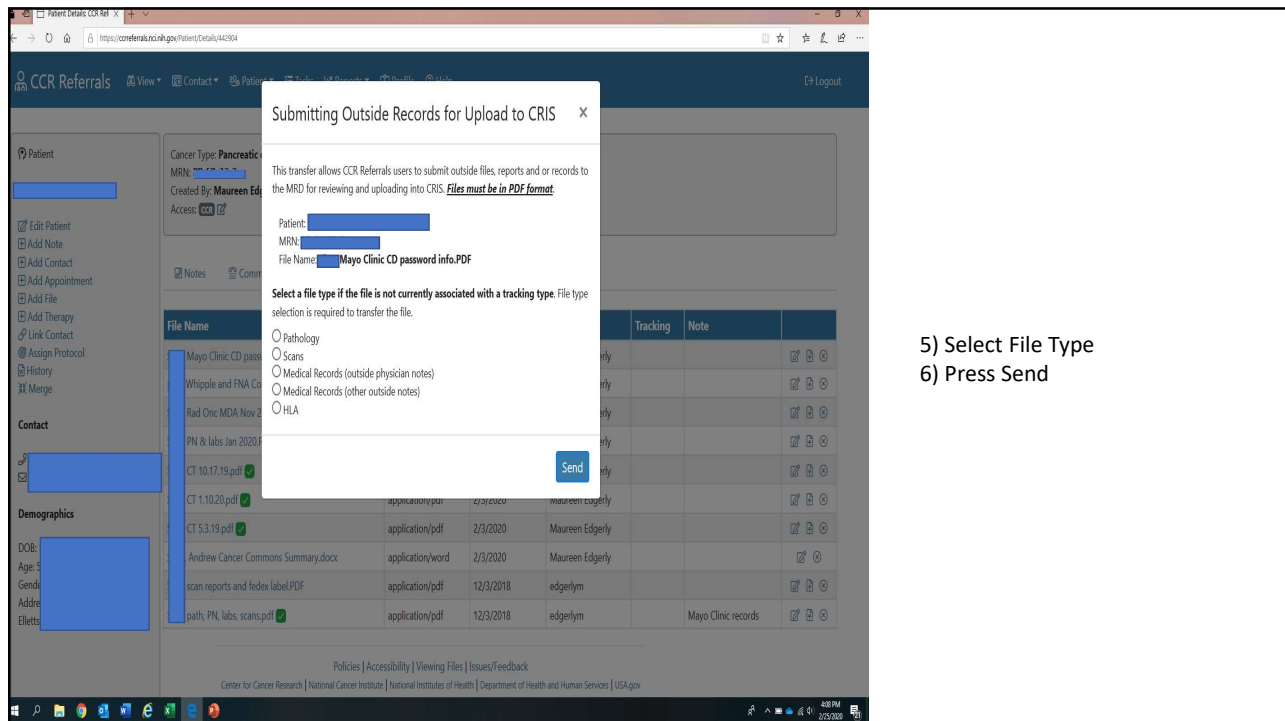

- 2) Add MRN and Save Changes

2

3) Go to Files
4) Click the "Upload to CRIS" button

3

5) Select File Type
6) Press Send

4

The screenshot shows the CCR Referrals web application interface. At the top, there is a navigation bar with 'CCR Referrals' and various menu items like 'View', 'Contact', 'Patient', 'Tasks', 'Reports', 'Profile', and 'Help'. A success message at the top reads: 'Success: File was transferred for Upload to CRIS!'. Below this, the patient's cancer type is listed as 'Pancreatic cancer' and the date as '12/3/2018'. A table of notes is visible, with columns for 'Created/By', 'Modified/By', and 'Note'. The notes include information about tissue being sent out and an email update from Iqra Ahmad to Maureen Edgerly.

Created/By	Modified/By	Note
2/20/2020 - Maureen Edgerly	2/20/2020	Tissue was sent out today Tracking # 7778-1561-4729
2/18/2020 - Maureen	2/18/2020	Thank you Maureen, scans came Friday and I have shared the PW with the film library Iqra
