Support

- NCI grant 1R13CA203289-01 provided support for the December, 2016 meeting entitled, “Developing endpoints to facilitate clinical trials in rare diseases”.
- Children's Tumor Foundation (<http://www.ctf.org>) provides ongoing support for all of the REINS efforts.
- We would also like to thank the NF organizations who have provided financial support for patient representatives' travel costs, including the Children's Tumor Foundation, NF Midwest, NF Michigan, NF North Central, Texas NF, and NF Northeast.
