

Assays

Pseudovirus-Based Assays

HPV Neutralization Assay	Standard assay for determination of papillomavirus-neutralizing antibody titers of sera
MCV Neutralization Assay	Standard assay for determination of polyomavirus-neutralizing antibody titers of sera
Inhibition Assay	Screening method to identify and compare papillomavirus infection inhibitors
BPV1 Focus Assay	Method for titering the infectivity of authentic bovine papillomavirus
Mouse Challenge	Pseudovirus-based in vivo HPV challenge system
L2 Neutralization Assay	Modified assay to detect anti-L2 neutralizing antibodies
