

Retreat Website

The 10th FYI Colloquium Website has been updated (11/27/09).

<http://web.ncifcrf.gov/events/ccrfellows/default.asp>

We will update the Agenda and Career Fair pages when we have all the information.

Please feel free to comment on the website. Let me know if anything needs to be added/corrected.

1) What do you think about Car pool sign-ups. I remember in '08 retreat there was a online sign-up link on the website; in '09 retreat the car pool were done through emails?

2) Karobi and Raed, the CV critique registration was added to the main registration form. Do you think we should allow people to sign-up for the CV critique even after they have already registered for the retreat? *-- Liang*
